Comments (Housing quality and maintenance)

Out of the 717 Annual gas Services required as at 31st March 2015. DHA has noted 716 in place at the end of the Reporting Year & have been renewed by their anniversary dates.

The 1 missing annual service the Association has a reported has a valid annual certificate (carried out in August 2014) but was not renewed by its anniversary date.

The Association carried out all procedures up to and including Legal Action.

Indicator 8

The difference in stock number and stock meeting SHQS is due to 37 properties that have exemptions for energy efficiency. A solution is being sought through a feasibility study to bring the properties up to EESSH compliance.

C24.5

Dunbritton HA staff continually carry out SHQS surveys across the stock during voids, after major works and at other times when tenants are available. Separately the Association also carries out surveys using external consultants to validate in-house findings and to ensure current in-house procedures meet best practice. This information is then cloned where appropriate allowing a full SHQS compliance assessment.

C26

Dunbritton HA has no recorded failures however 37 properties are exempt for energy efficiency and 2 of these properties also fail on Healthy, Safe and Secure.

C27.5

Dunbritton is currently developing new properties and the difference in current years' figures compared to next is due to additional units coming off site during 2015-16.
